

# Register for a Feis (Competition)

1. Consult your teacher regarding which Feis to attend.
2. It is important to register on time when the Feis opens for registration as competitions close quickly after registration opens!
3. Go to the appropriate Feis registration website (e.g. [www.feisworx.com](http://www.feisworx.com)).
4. Once you have found the correct website, enter a username and password to set up an account.
5. Select the correct feis (e.g. 'The Columbus Feis').
6. Make sure you are entering your child into the correct category/level. If it is your child's **FIRST TIME** dancing at a Feis (a class feis does not count), select the 'FIRST TIME' category. *\*If your child has danced in a Feis before, but is still at the Beginner Level, they are: Beginner I*
7. Make sure you select/enter the correct dances for your child as follows:  
First Time Dancers: Reel, Light Jig, & Slip Jig. *\*Some 'First Time' dancers may only do the Reel & Light Jig, so consult your teachers first*
8. Make sure you are entering your child into the correct age group. Your child's age group is based on their age as of January 1st of each year (see below).  
*If your child was 6 on Jan 1st, you would enter them in the Under 7 (U7) category*  
*If your child was 7 on Jan 1st, you would enter them in the U8 category*  
*If your child was 8 on Jan 1st, you would enter them in the U9 category*  
*If your child was 9 on Jan 1st, you would enter them in the U10 category*
9. Follow Payment instructions and complete your registration.
10. It is always courteous to communicate with your teacher to let them know you have successfully registered.
